These are essential skills in life and useful for many university applications.</p>

Oakgrove School: Physical Education & Sports Extra-Curricular Clubs

PE and sports clubs are open to all students to attend. Clubs will offer the opportunity to improve students' current skill level, to participate in game scenarios as well as to gain an opportunity to coach and officiate games whilst working with younger students.

All of the clubs that are offered also give the opportunity for students (if selected) to represent the school in a range of competitions against other schools within Milton Keynes.

Due to the wide range of clubs and competitions that the school is participating within, some clubs may not run every week (*). In these cases we will inform students the week before the cancellation is to take place. Any clubs that are cancelled will be advertised in Student Services. There are also some cases when clubs may need to be cancelled due to circumstances out of our hands (e.g. staff absence or poor weather conditions). We apologise in advance for any inconvenience caused.

ALL information about what clubs are running and upcoming fixtures will be advertised before KS3 lessons and also through the department twitter account @ogspe

The PE Department offers a wide range of extra-curricular sports. On the school website there is a link to the complete current listings including which Key Stages or year groups the sports are open to and information regarding fixtures. Not all clubs run every week and so it is important to pay careful attention to the PE full listings. The department offers updates via twitter @ogspe. The sports on offer this term include:

- **Monday - Tripp Academy Badminton with Ella Tripp (Limited places, information has been circulated in September. There will be a cost attached to this club)**
- **Tuesday – Rugby (Mr Robinson), Netball (Miss Baker/Mrs Campbell)**
- **Wednesday – Basketball (Mr O’Hara), Girls Football (Miss Kynaston)**
- **Thursday – Badminton (Miss Forster), Boys Football (Mr O’Hara, Mr Robinson)**

To attend any of the clubs shown students will need to...	
<p>LUNCH TIME CLUBS</p> <ul style="list-style-type: none"> • <i>Bring the correct kit/equipment to the club (Please note that equipment and kit CANNOT BE BORROWED to attend a club).</i> • <i>Ensure that some lunch has been arranged for before or after the club.</i> • <i>Make your way to the changing rooms and get changed ready for the start of the club.</i> 	<p>AFTER SCHOOL CLUBS</p> <ul style="list-style-type: none"> • <i>Ensure that you have written permission from a parent/guardian in your planner (after school clubs only).</i> • <i>Bring the correct kit/equipment to the club (Please note that equipment and kit CANNOT BE BORROWED to attend a club).</i> • <i>Make your way to the changing rooms and get changed ready for the start of the club.</i>

Getting into a club

Students can attend clubs on a first come, first serve basis.

Teachers running the club will take a register for attendees on the day for their club. For clubs running after school only students who have been registered will be considered present in school. Students not registered in a club should have made arrangements to return home as per normal.

Clubs will in some cases have a maximum attendee number. Once the club is full for that session, then further students will be unable to attend that session. Some clubs have invited students only.

Hopefully there is a club which all may be interested in!
