

Welcome to Oakgrove

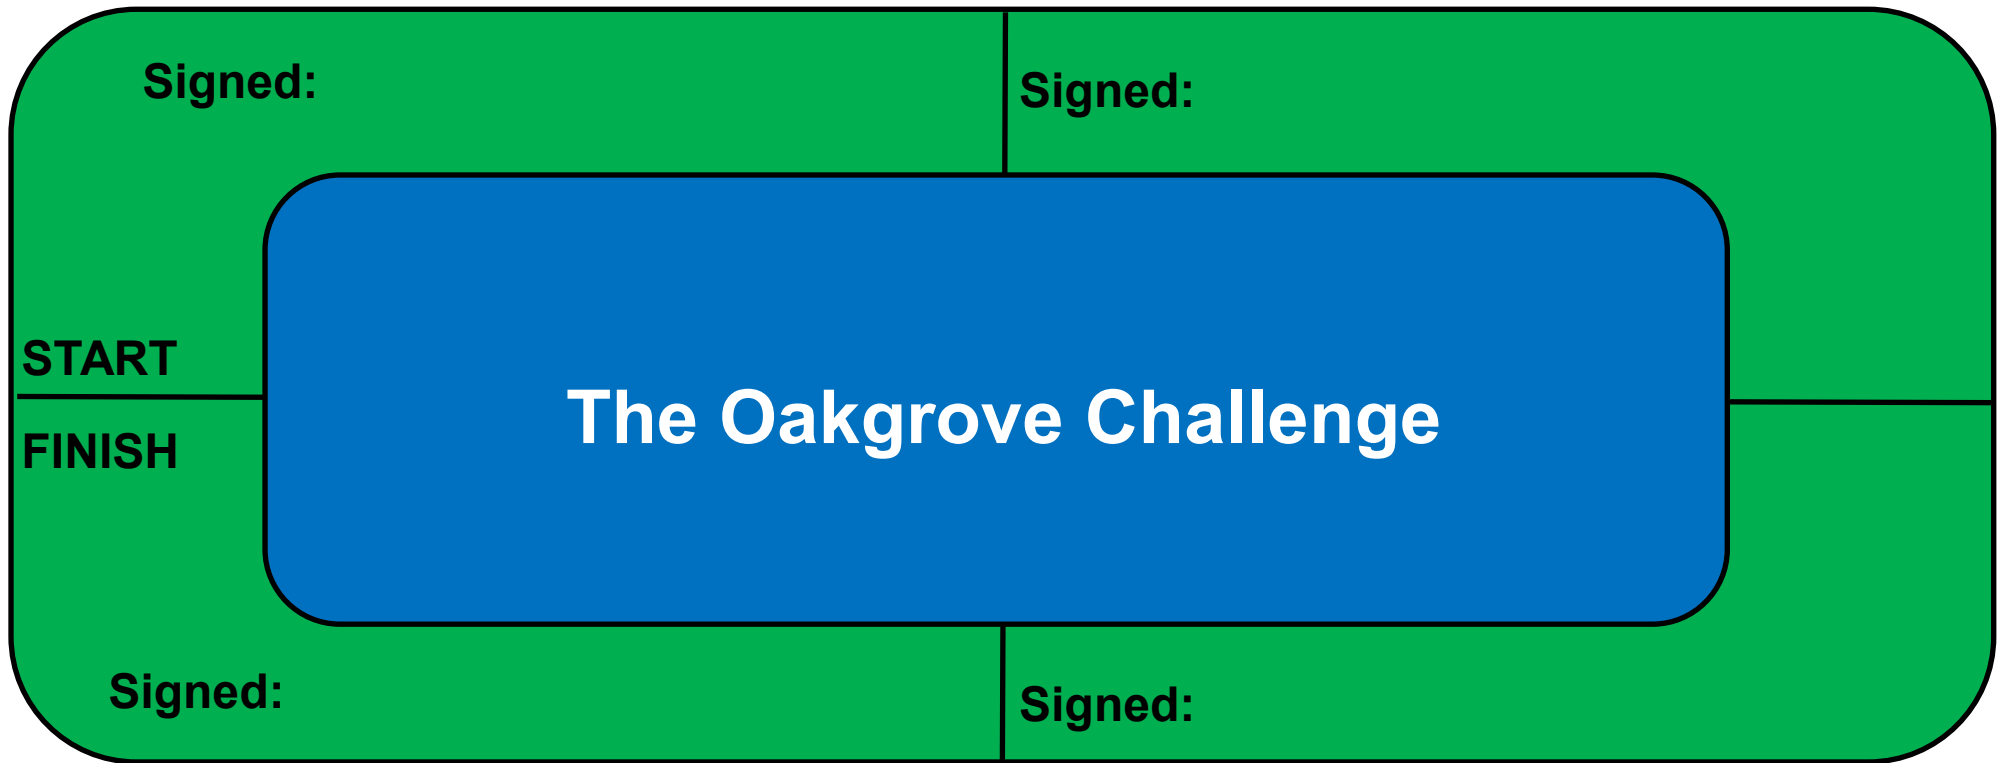

There are three races for you to try to complete this summer:
100m race, 200m race and the Marathon.

To complete the sprint races all you have to do is read a book for each section of the track, and ask someone at home to sign each one. Record the author and title of each book when you have finished reading it, and whether you enjoyed reading it, in the table.

For the marathon you need to read a poem, a newspaper article, a comic or cartoon book and a book.
Don't forget to fill out the table!

Please bring these tables back into school on your first day at Oakgrove.
For each completed race you will receive a merit from your tutor.
Good luck!

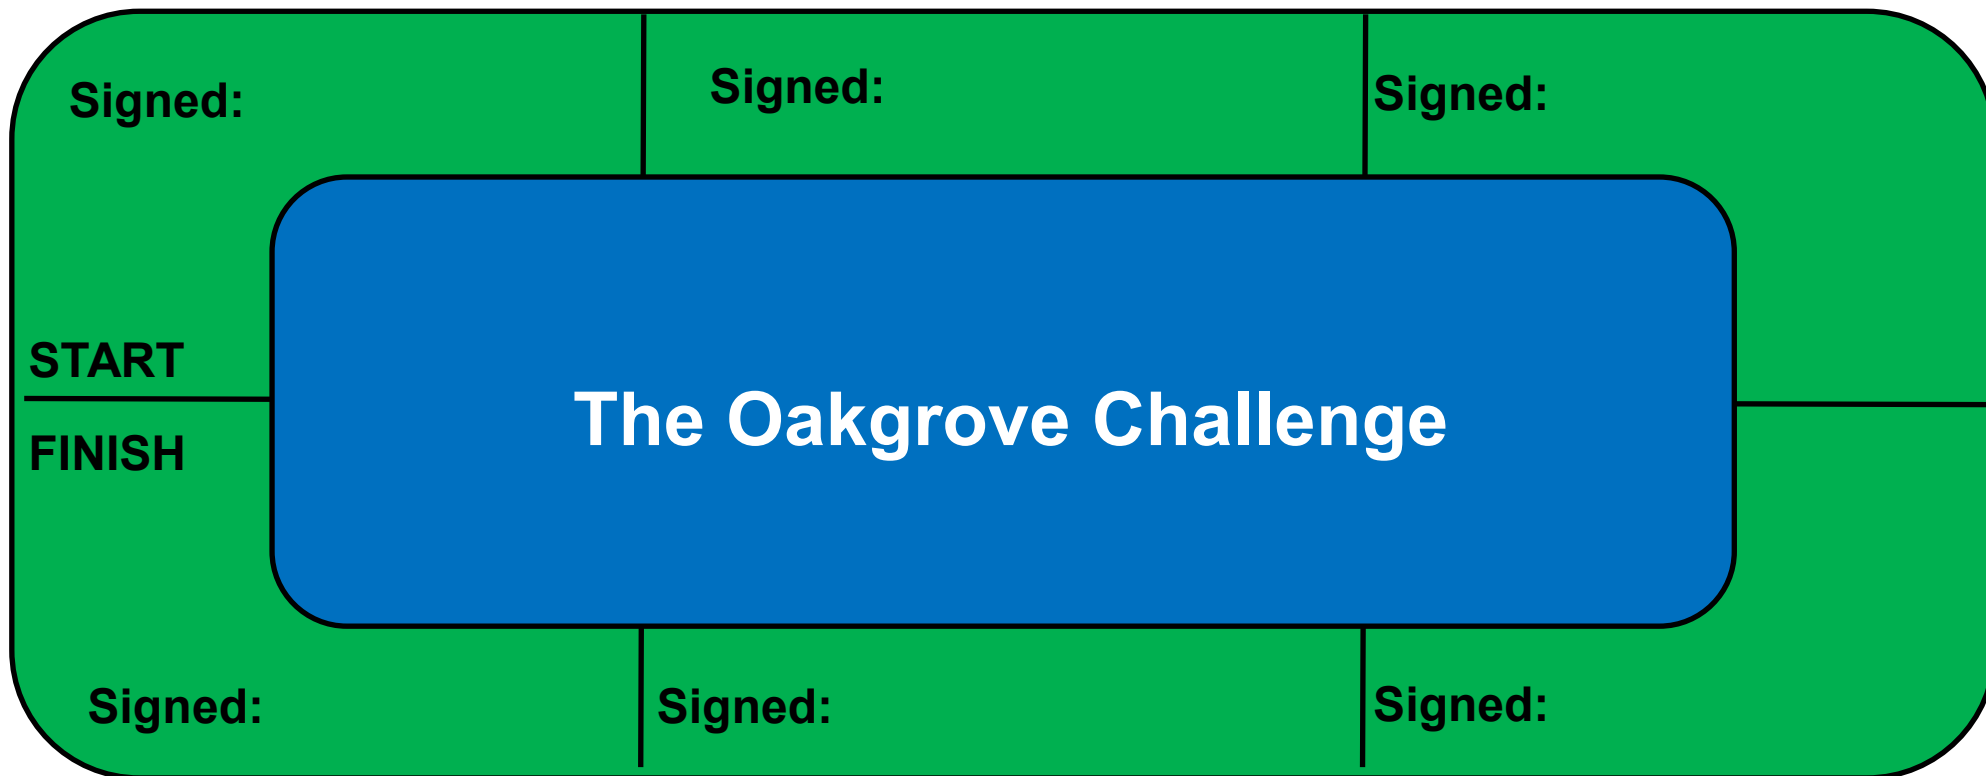

100 metres

Your challenge is to make it round the track by completing all four parts of the race. You can complete each part of the race by reading a book and filling out the table on the back of this page.

When you have finished each part get this signed by someone at home.
Good luck and get racing!

200 metres

Your challenge is to make it round the track by completing all six parts of the race. You can complete each part of the race by reading a book and filling out the table on the back of this page.

When you have finished each part get it signed by someone at home.
Good luck and get racing!

Which one did you enjoy reading the most? _____

Why did you like that one the best? _____

That's it! You've finished!

Well done for taking part in the
Oakgrove Summer Reading Challenge!

We hope you have enjoyed it, and found lots of
great new books to read.

Maybe you have also tried a new format, a comic
book or a magazine, or maybe had a go at a news-
paper article or read a poem - or maybe all four!

Fantastic! Now, don't forget to bring the signed tables back into school to get your
merit rewards from your form tutor.

We're really looking forward to seeing you in the library so that you can tell us all
about your reading adventures -

See you soon!!
