

**COVID-19 KET school closure arrangements
for Safeguarding and Child Protection**

Oakgrove School

Kents Hill Park School

Middleton Primary

Monkston Primary

1. Context

On Monday 22nd February 2021, The Prime Minister announced the government's roadmap to cautiously ease lockdown restrictions in England. This included a direction that from 8 March 2021, all pupils should attend school.

The KET Schools will continue to have regard to the statutory safeguarding guidance Keeping Children Safe in Education (as amended, Jan 2021).

We will ensure that where we care for children on site, we have appropriate support in place for them.

We will refer to the Government guidance for education and childcare settings on how to implement social distancing and continue to follow the advice from Public Health England on handwashing and other measures to limit the risk of spread of coronavirus.

Each Trust school has conducted an extensive review of its procedures for the school day to ensure the safety of all pupils, staff, parents and carers and visitors on site. The plans vary between the Trust schools based on the school's foot print and the number of pupils on role. The necessary Trust-wide, individual school and subject based risk assessments have been completed and embedded into the whole school plans.

Each Trust school's plans have been approved by the Local Governing Board and the Board of Trustees. These plans have been published to all parents and carers.

Plans and procedures are subject to regular review and change to reflect the most recent government guidance.

2. Key Contacts

Remain the same as per the KET Child Protection and Safeguarding Policy.

3. Vulnerable children

Vulnerable children and young people include those who:

- are assessed as being in need under section 17 of the Children Act 1989, including children and young people who have a Child in Need plan (CIN), a child protection plan (CP) or who are a looked-after child (CLA);
- have an education, health and care (EHC) plan;
- have been identified as otherwise vulnerable by educational providers or local authorities (including children's social care services), and who could therefore benefit from continued full-time attendance, this might include:
 - children and young people on the edge of receiving support from children's social care services or in the process of being referred to children's services
 - adopted children or children on a special guardianship order
 - those at risk of becoming NEET ('not in employment, education or training')
 - those living in temporary accommodation
 - those who are young carers

(Addendum to KET Safeguarding and Child Protection policy)

- those who may have difficulty engaging with remote education at home (for example due to a lack of devices or quiet space to study)
- care leavers
- others at the provider and local authority's discretion including pupils and students who need to attend to receive support or manage risks to their mental health.

Eligibility for free school meals in and of itself is not a determining factor in assessing vulnerability.

Each KET school will continue to work with and support children's social workers to help protect vulnerable children. This includes working with and supporting children's social workers and the local authority virtual school head (VSH) for looked-after and previously looked-after children.

In circumstances where a parent is hesitant about or does not want to bring their child to an education setting, and their child is considered vulnerable, the social worker and the KET School's Headteacher/Senior Leaders will explore the reasons for this directly with the parent.

Where parents are concerned about the risk of the child contracting COVID19, the KET School Headteacher /Senior Leaders or the social worker will talk through these anxieties with the parent/carer following the advice set out by Public Health England.

Each KET school will encourage all pupils to attend a school.

4. Attendance Monitoring

We expect all pupils to attend school.

Parents or carers are expected to contact the school on the first day of the illness and inform us of the reason for absence so that the correct attendance codes can be used in every case of absence. We expect parents or carers to make contact to make us aware of the status of any COVID-19 tests that have become necessary and to update the school on the welfare of the pupil.

From 8th March 2021, we will record attendance in accordance with the Education (Pupil Registration) (England) Regulations 2006 (as amended) for all pupils.

A small number of pupils will still be unable to attend in line with public health advice to self-isolate because they:

- have symptoms or have had a positive test result
- live with someone who has symptoms or has tested positive and are a household contact
- are a close contact of someone who has coronavirus (COVID-19)

The advice for pupils who have been confirmed as clinically extremely vulnerable is to shield and stay at home as much as possible until further notice. They are advised not to attend school while shielding advice applies nationally.

For children self-isolating or quarantining or shielding – we will use code X.

In compliance with the Remote Education, the KET Schools will provide remote education to pupils who are unable to attend school because they are complying with government guidance or legislation around coronavirus (COVID-19).

The Department for Education expects schools to grant applications for leave in exceptional circumstances. This should be recorded as code C (leave of absence authorised by the school) unless another authorised absence code is more applicable.

Where pupils are not able to attend school, as they are following clinical or public health advice related to coronavirus (COVID-19), the absence will not be penalised.

5. Reporting a concern

Where staff have a concern about a child, they should continue to follow the process outlined in the school Safeguarding Policy, this includes making a report via MyConcern, which can be done remotely. Staff are reminded of the need to report any concern immediately and without delay.

Where staff are concerned about an adult working with children in the school, they should report the concern to the Headteacher.

6. Safeguarding training and induction

All existing school staff have had safeguarding training and have read part 1 of Keeping Children Safe in Education (2020). The DSL should communicate with staff any new local arrangements, so they know what to do if they are worried about a child.

Where new staff are recruited, or new volunteers enter a Trust School, they will continue to be provided with a safeguarding induction. Upon arrival, they will be given a copy of the receiving setting's child protection policy, confirmation of local processes and confirmation of DSL arrangements.

7. Safer recruitment/volunteers and movement of staff

When recruiting new staff, the KET School will continue to follow the relevant safer recruitment processes for their setting, including, as appropriate, relevant sections in part 3 of Keeping Children Safe in Education (2020) (KCSIE as amended in Jan 2021).

8. Volunteers

If a KET School uses volunteers to assist in handing out and securing COVID-19 test kits to students and staff members. Under no circumstances will a volunteer in respect of whom no checks have been obtained be left unsupervised or allowed to work in regulated activity.

Volunteers who, on an unsupervised basis provide personal care on a one-off basis in a KET School, will be in regulated activity. This means that if a volunteer is administering a COVID-19 test whilst un-supervised, they will be in regulated activity and therefore require an Enhanced DBS with Barred List check.

Existing volunteers in regulated activity do not have to be re-checked if they have already had a DBS check (which includes barred list information).

Supervision must be:

- by a person who is in regulated activity.
- regular and day to day; and
- reasonable in all the circumstances to ensure the protection of children.

In appointing volunteers, the school will continue to follow safer recruitment processes.

9. Pupil wellbeing and support

Each KET School is committed to ensuring the safety and wellbeing of all its students and will continue to be a safe space for all children to attend and flourish.

Each KET School will refer to the Government guidance for education and childcare settings on how to implement social distancing and continue to follow the advice from Public Health England on handwashing and other measures to limit the risk of spread of COVID-19.

Each KET School will ensure that where we care for children of critical workers and vulnerable children on site, we ensure appropriate support is in place for them. This will be bespoke to each child and recorded on MyConcern.

Each KET School will ensure that appropriate support is offered to all students with respect to their mental health.

10. Supporting children not in school as they are following clinical or public health advice related to coronavirus (COVID-19).

Each KET School is committed to ensuring the safety and wellbeing of all its Children and Young people.

Where the DSL has identified a child to be on the edge of social care support, or who would normally receive pastoral-type support in school, they should ensure that a robust communication plan is in place for that child or young person. Details of this plan must be recorded on MyConcern, as should a record of contact have made. The communication plans can include remote contact, phone contact, door-step visits. Other individualised contact methods should be considered and recorded.

Each KET School and its DSL will work closely with all stakeholders to maximise the effectiveness of any communication plan. This plan must be reviewed regularly and where concerns arise, the DSL will consider any referrals as appropriate.

The KET Schools recognise that school is a protective factor for children and young people, and the current circumstances, can affect the mental health of pupils and their parents/carers.

11. Elective Home Education (EHE)

The KET Schools will encourage parents to send their children to school, particularly those who are vulnerable. Where an application is made, The individual KET School will consider whether a parent's/carer's decision to educate at home gives greater cause for concern compared to remaining in school.

Where we feel that there is additional cause for concern the designated safeguarding lead (DSL) will then consider making a referral to the local authority in line with existing procedures. This will happen as soon as the individual KET School becomes aware of a parent's/carer's intention, or decision, to home educate.

The KET School will work with local authorities and, where possible, coordinate meetings with parents/carers to seek to ensure EHE is being provided in the best interests of the child. If a parent wants to admit their child to a KET School, we will follow our normal processes for in-year admissions applications.

12. Contingency planning

Each KET School will ensure that for individuals or groups of self-isolating pupils and pupils who are shielding, we follow government guidance related to coronavirus (COVID-19), remote education plans. The KET School will continue to operate as normally as possible. In the event that restrictions in schools are needed to help contain the spread of the virus, we will refer to the contingency framework, which has been updated and outlines how schools should operate in the event of any restrictions.

13. Support from the Multi-Academy Trust

The Multi-Academy Trust (MAT) Safeguarding Directorate will provide support and guidance as appropriate to enable the DSL to carry out their role effectively.
