DOCUMENT RETENTION

1. INTRODUCTION

1.1. The main aim of this policy is to enable Kingsbridge Educational Trust (the Trust) to manage our hard and electronic records effectively and in compliance with data protection and other regulation. As an organisation we collect, hold, store and create significant amounts of data and information and this policy provides a framework of retention and disposal of categories of information and documents.

1.2. The Trust is committed to the principles of data protection including the principle that information is only to be retained for as long as necessary for the purpose concerned.

1.3. The table below sets out the main categories of information that we hold, the length of time that we intend to hold them, and the reason for this.

1.4. Section 3 of this policy sets out the destruction procedure for documents at the end of their retention period. The Data Controller shall be responsible for ensuring that this is carried out appropriately, and any questions regarding this policy should be referred to them.

1.5. If a document or piece of information is reaching the end of its stated retention period, but you are of the view that it should be kept longer, please refer to The Data Controller, who will make a decision as to whether it should be kept, for how long, and note the new time limit and reasons for extension.
