Chair of Governors: Jason Thelwell

Secondary & All-through Headteacher: Ian Tett BSc; CGeog; PQSI; NPQH; NPQEL

Primary & Nursery Headteacher: Mark Sim BA; PGCE; MBA

www.oakgrove.school

Dear students,

I hope that you are enjoying your summer and are looking forward to whatever you have planned for September. Please find below the details of how you will receive results and what you need to do over the following days.

Results Day

- You will receive an email from Capita at 8 am on Thursday 15th August with your results. The email will go directly to your school email account. We cannot send these results to parents or private email addresses. Please ensure that your inbox is not full and that you can receive messages.
- You will shortly after that receive a google form to fill out - this will enable us to know if you have received your results and also where you will be off to in September. Please complete the form as quickly as possible and definitely by Monday 19th August. If you are still waiting on confirmation from UCAS or employers please email Careers on careers@oakgrove.school to let them know your current situation. We ask for this information because we have to let the Local Authority know what and where you will be in September. **This is a legal requirement.** If we haven't heard from any students regarding their plans for September then we will be making calls to parents.
- This year, universities will not be updating UCAS until 8 am. So, once results are received, students who have applied for university can log into their UCAS Hub to check offers and decide their next course of action. UCAS has provided a useful guide to help you through the process which you can access using the following link: [Ultimate Guides — Results Day](#). Please also see a summary of the different possible outcomes on the page below.
- Please remember to change your email address on UCAS to your private email address as school accounts are deactivated in September. Your Google account will also be deactivated so please make sure you remove any information that you want by 15th September 2024.
- If students need support with their results and/or their university options, they should first call Mrs Field in the Sixth Form on 01908 545305. We will then arrange for a member of the Sixth Form team to call back as soon as possible to discuss and provide support. If you are unsure what to do at any point, please ring us so that we can advise as soon as possible. We will try to prioritise calls according to the degree of urgency so if your call is less urgent it may take a day or more until you are contacted.

I hope that you achieve the results that you have worked for.

Yours sincerely,

Mr J Adamson
Director of Post-16 Standards
